#RenewYourFight

WHERE KIDS PLAY WHILE PARENTS REST EASY.

We've organized an entire weekend combining the ability to recharge with expert care and adventure.

When you find yourself in the trenches fighting for a child's mental health, a safe place for them to land is paramount. This place needs to be judgment free and allow for them to just be a kid and be themselves. With structure, fun, and adventure at the root of this respite and with safety and mental health guiding this renewal, a wilderness camp is the perfect opportunity.

COSTS: FREE (Paid for by Donors)
